**How is the Initial Rental Assistance Program Funded?**

**Which rental costs can the Program cover?**

Eligible participants can receive financial assistance from the program to cover their security deposits, including first month’s rent and one month of security, and utility deposits (if needed). Payments will be made directly to the landlord or utility company, where applicable, after approval of the rental housing by the Town of Bedford. It is the responsibility of the tenant to make ongoing full rent payments to the landlord for the remaining term of the lease starting with the second month.

The Program cannot assist with pet deposits or with rental agent/realtor fees.

The Program can only assist with utility deposits for electricity, gas, water, and trash. The Program cannot assist with telephone and cable television.
Is it necessary to pay back the Town of Bedford?

The assistance provided is in the form of a grant. There is no repayment due to the Town. The security deposit will be returned to the tenant at the end of the lease term as long as all lease requirements have been fulfilled by the tenant.
